Media Wall with Sliding TV

Experience the future of home design with Nex Media Wall, a cutting-edge system that integrates advanced technology, modern design, and unmatched comfort. The motorized TV panel is the centerpiece of this innovation, offering effortless control at your fingertips. With the press of a button, the TV glides smoothly upward, revealing a hidden fireplace beneath. When desired, the panel can lower just as easily, ensuring seamless transitions between entertainment and relaxation.

Personalize Every Detail of Your NEX Media Wall

The NEX Media Wall is designed to be as unique as your vision, offering complete customization to seamlessly blend with your interior and lifestyle. From tailoring dimensions and TV sizes to selecting fireplace types and an array of stunning Dekton surface finishes, every detail is crafted to fit your needs.

...and 60 more.
