

NEO 500 FIREPLACE

WITH NEO 500 AUTOMATIC BEV® BURNER

Net Zero fireplace with BEV Technology®

AUTOMATIC BEV® BURNER

The BEV Technology® guarantees burning that is free of smoke, odor, or ash. This technology creates a flame by burning ethanol vapors, ensuring that the fire has no direct contact with the liquid fuel.

AUTOMATIC REFILLING

The automatic pump communicates with the device, delivering the necessary amount of fuel. There is no risk of overfilling the tank or spilling the fuel.

DETACHABLE SIDE PANELS

Your Neo Fireplace comes with two detachable side panels. You decide what shape it will take - Single-Sided, Left Corner, Right Corner or Three-Sided.

REMOTE CONTROL

Easily control your fireplace with the handy remote. You're in charge of the flames. Go for one of 2 flame levels to adjust the ambience and coziness to your needs.

ZERO CLEARANCE FIREBOX

The ultimate firebox with our zero clearance design allows you to seamlessly integrate the fireplace into combustible materials and mount your TV directly above the fireplace.

OPTIONAL DECORATIVE LOGS

Enhance your fireplace's aesthetic with our optional tray of new decorative logs, adding a touch of elegance and warmth to any room.
